WHAT WE DO BEST

SHIP SPARES LOGISTICS – LAST MILE DELIVERIES (AIRPORT/SEAPORT/WAREHOUSE TO DECK)

Poseidon Maritime Services Ltd (PMS) counts on its own 24/7/365 Ship Spares delivery department, which allows us to ensure effective coordination of spares deliveries.

Why nominate us?

Lack of coordination with the logistics agent might increase delivery budget expenses if the collection of the spares from the airport is not well coordinated with the port agent/master of the vessel. In addition, if spares clearance is not arranged with enough anticipation, they might not be on time to be delivered onboard, causing unexpected forwarding costs to the principal. West Africa Customs Clearance processes is a complex business so you need experience hands like ours on the ground.

PMS has coordinated and delivered over 100 ship spares deliveries across the West African region with no failure. That is why you need to try us and experience the unprecedented service for your critical spares to be delivered onboard your vessels.

Our Ship spares clearance team strategically located at ACC, LFW, COO, DSS, LOS ensures that your critical spares are cleared on time and onward transported to the ports GHTEM – GHTKD – TGLFW – BJCOO – NGAPP - NGPHC-NGWAR -SNDKR to be delivered onboard the vessel when berthed or delivered by boat if in Anchorage.

With our own delivery Boat, we also deliver offshore on Platforms/Oil Rigs/FPSO at a cost more competitive than the other industrial players.
